NOTES ACCOMPANYING FEBRUARY MONTHLY OPERATING REPORT FOR GENERATIONS ON 1st LLC

- 1. **Total Receipts**. The total receipts recorded in the Starion account were \$51,100.54. However, this figure excludes internal transfers that are not included in the receipts reported on the Monthly Operating Report ("MOR"). Specifically, there were two internal transfers totaling \$1,500.00 and \$5,500.00. After excluding these transfers, the net receipts reported on the MOR are \$44,100.54.
- 2. **Total Disbursements.** The total disbursements from the Starion account amounted to \$29,891.79. This figure encompasses an internal transfer of \$5,500.00 pertaining to security deposits being transferred into savings accounts. Excluding this amount, the adjusted disbursements reported on the MOR are \$24,391.79.
- 3. **Ending Cash Balance.** The ending cash balance reported on the MOR is \$144,052.00. However, this reported balance does not fully account for the internal transfers and third-party disbursements of \$49,391.92 made directly from the Trust account to Red River State Bank. The actual reconciled cash balance between the Starion and Trust accounts at month's end was \$94,709.72.

Case 25-30002 Doc 148-1 Filed 08/13/25 Entered 08/13/25 11:59:57 Desc Supporting Documents Page 2 of 12

- 4. **Accounts Receivable.** With the exception to Marlys Holubok, the Debtor is currently in the process of verifying the validity of accounts receivable for balances outstanding beyond 30 days. This review has become necessary due to multiple transactions in tenant payment systems, evidencing a flow of money changing hands three or more times, leading to discrepancies in account records. As a result, some accounts remain unreconciled.
- 5. Summary of New Leases Signed, Short Cancel Notification, and Lease Ended. Under this reporting period, a new lease was executed for unit #2406, one short cancel notification was issued for unit #2401, and lease terms concluded for units #2309 and #2406. For unit #2401, the tenant has provided a short cancel notification and is contractually responsible for rent until November 30, 2025. However, they have expressed a desire to vacate early on June 30, 2025. The tenant will remain liable for rent through the end of their lease term unless the unit is successfully re-rented before this case.
- on Schedule D, is comprised of tax increment financing ("TIF"). Insofar as the terms of the subject TIF provide for forgiveness of the correlative debt upon the ordinary making of property tax payments, the Debtor regards this obligation—somewhat paradoxically—as both being a liability meritorious of listing on Schedule D but, too, being a liability that is properly setoff by a correlative intangible asset on the Debtor's balance sheet. As such, there exists a distinction between how the TIF obligation is treated on the Debtor's schedules and how it is regarded in this operating report.
